## Reason for Request

e.g. Demolition, refurbishment, gas no longer required etc.

## Site Anomalies and Additional Information

## Gas Meters on Site

**Note:** All gas meters must be removed prior to any disconnections being carried out. Please indicate if you wish for us to undertake this work.

Unit No. / Name	Meter Point Reference Number (MPRN)	Location	Squire to remove meter	
			Yes	No
			Yes	No
			Yes	No
			Yes	No
			Yes	No
			Yes	No
			Yes	No
			Yes	No
			Yes	No

## Additional Information

Please provide a map of the site indicating the site boundary and any known service and mains on site.

You must ensure that any meters are removed prior to the disconnections being carried out. Disconnections cannot be carried out if meters are still present on site. Failure to do so could result in abortive charges and work not being carried out on our planned dates.

If a site visit is required or gas mains are to be isolated (rather than a single service) then delays can occur in the time scales to produce a quotation. All disconnected pipes and fittings will be left safe and will remain in situ / on site. Meter kiosks / housings are your property and will not be removed from site.
